

SANITARIUM FOR OCALA.

Palmetto House, Formerly Allied Hotel, Will be Converted into a Sanitarium.

To the townspeople and physicians and readers of the Ocala Banner.

We wish to explain the method of the Sanitarium we are to open in this city for the information of those who might be interested in the work and would be pleased to aid us. We wish to make this a clean, healthful institution, using the disinfectants about the house constantly to prevent vermin troubling us and insure health.

We wish to entirely renovate the house and grounds. Now, while you have a nice little hospital in your city, you need a sanitarium also. One worthily conducted would be helpful to your city, as it would bring northern and other patients here for treatment. We wish to be prepared to treat chronic ailments, viz: Nervous disorders, rheumatism, neuralgia, catarrh, consumptive cases, weak lungs, female debility, obstetrical cases, etc.

Patients will only be admitted through physicians; each one attending their own unless they wish the house physician to attend them. Before we renovate or make our changes we would like to submit our plans to the united suggestions of any or all of our regular practitioners here or in the country towns that might bring in and attend their patients or perform their operations here. We will have a house physician and competent nurses to care for them. We would like our house physician from here; a perfectly competent and regular practitioner. He could attend patients outside; other physicians would have their hours here, as needed, there will be a phone in the house.

We have physicians in the north wishing to know where they can send patients for treatment, and these would be subject to our physicians here connected with our institution.

We propose to fit up the house thus: First floor will be general office, public dining room, public parlor, waiting and reading room, physicians' office with private entrance, also dispensary, bath room, private family sleeping room, private parlor, milk, pantry and store room, serving room, laundry, kitchen, etc.

Second floor, nurses dining room, operating room, nurses sleeping room, private patients rooms, ward room, one for men and one for women.

Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i. e., a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y. 50c. and \$1.00; all druggists.

men, order room, where physicians will write their directions for care, diet, drink, etc. A dumb waiter will be put in for use of this floor, bath room, etc. All orders will be strictly adhered to, and porches will be enclosed with wire screen, couches, easy chairs and hammocks, for the comfort of the patients, and those convalescing will have exercise in walking as we have 140 feet of distance of upper porch, there will be the regulation dress, color, caps and aprons for all employees of the second floor. Cards will be hung on the walls with rules and regulations of sanitarium and all rules and orders will be strictly enforced.

No visitors admitted except by consent of physician or matron and only at certain hours of the day. There will be a public inspection one day in each month.

How would each church like to fit out with necessary furniture and provide one private patient's room. Say Presbyterians, a room and have it in some chosen color, say green; Baptists, say blue, and Methodists in a chosen color; Christian church also. Then these rooms may be called by their color and will be for private patients use. It is the regular custom in the North. And would the Masonic order or Odd Fellows or any other order recognized, wish to do this also. We would like to hear from you before we begin our work.

All paints, oil, varnish and workmen are ordered now from the North. We have a supervising workman in painting coming from Ohio, to do our work. Painting, papering and decorating, we would like any who would wish to aid us and encourage our efforts in making this one of the most beautiful and well conducted institutions in your state. We would like to fit out a fine treatment room with electrical apparatus. Clyrical cases with all necessary equipments for curing the many cases that might come to us.

You have the climate and beautiful state to offer. We the property to make it one of the finest, most beautiful locations. Let us hear what you may decide to do soon, as plans are being made for the work and orders are going in before we undertake this alone. Now is your time if you wish to associate your interests with us. One piano is ordered for the house, we will need two.

MRS. DR. J. E. ENNIS.

A Black Eye For Wood Spirits.

If the superiority of pure spirits turpentine, made in the old-fashioned way from the living tree, needed any endorsement, it certainly got it at the recent convention of the National Paint and Varnish Manufacturers. On other pages of the Review we give in full the discussion of that convention as to the conditions relative to pure spirits and wood distilled turpentine. The matter is of sufficient importance to producers and consumers to justify us in this large use of our space this week. This association embraces many of the heaviest consumers of spirits turpentine in the world, and the views expressed by them are naturally of great interest to all connected with the production or distribution of naval stores.

Even a casual reading of the report shows at once that the paint and varnish manufacturers are on the alert for something to take the place of pure spirits turpentine at the present prices. They have been willing to give any substitute that offered a reasonable trial. They have, it is evident, or at least some of them have, given the wood distilled spirits a trial, and the results so far have not been satisfactory.—Sav. Naval Review.

Dr. David Gillespie McKeathan, of Jacksonville, and Miss Ellen Hale Underwood were married in the Episcopal church at Fayetteville, N. C., on the afternoon of December 29th. Dr. McKeathan formerly lived at Brooksville and is well known in this county. He has attained much success in the profession of medicine and is also engaged in the turpentine business. Dr. and Mrs. McKeathan will spend the winter at the Duval hotel, Jacksonville.

Fairfield Tournament.

The annual Fairfield tournament was held this year on December 30. A number of visitors from the surrounding towns were present to witness the event, which for years, has been celebrated in honor of the time when "Knighthood was in Flower." Many valiant knights gayly arrayed in their favorite colors, rode for the honor of crowning the Queen of Love and Beauty. The successful one was L. C. Dodd, of Fairfield, with Messrs. Laura Best and Whorter Yonque as first, second and third knights respectively. Miss Hattie Smith, of Martin, was crowned queen; Misses Carraway and Della Smith, of Fairfield, were made maids of honor. The crowning took place immediately after the tourney. Among the many present were noted, Mr. D. E. McIver and Mr. McIntosh, of Ocala; Mr. Jim Matthews and daughters, Mr. Joe Edwards and family, Mr. Wm. Knoblock and charming daughter, Miss Nora, of Martin; Hon. M. L. Payne and Misses Katherine and Jennie Payne, of Fairfield, Mr. H. Sherouse and bride, Mr. and Mrs. W. Gibson, Mr. and Mrs. Wm. Buchanan of South Carolina, guests of Mr. Wm. Yonque, of Flemington, and many others too numerous to mention.

The tournament ball took place in the evening and was also largely attended. The king of the carnival and his fair queen lead the opening figure—the Royal Figure. Those present were, Misses Hattie Smith, of Martin; Carraway of Fellowship; Della Smith, Daisy Standley, Rossie Matthews, Lila Yonque, Edna Gatrell, Katherine Payne, Jennie Payne, Nora Knoblock, Carrie Harvey, Marie Joes, Julia Tilman, Joe McCarty, Annie Edwards, Lilly Smith, Lizzie Bouchillow, Edith Johnson, Ragsdale, of South Carolina; Messrs. L. C. Todd, Whorter Yonque, S. Yonque, A. Yonque, Jas. De Fose, J. B. Peck, W. A. Murphy, David Payne, John Smoak, Best, W. D. Shepard, Drew Matthews, Harmon Sherouse, Galien McIntosh, of Maryland, Sam Matthews, Alva Matthews, Carl Wilson and A. J. McLaughlin, Mr. and Mrs. Jas. Robinson, Mr. and Mrs. A. M. Cook, Dr. and Mrs. H. Gatrell.

The events of the day will be long remembered as among the pleasant of the holidays. Mr. Harmon Sherouse made the coronation speech in a very graceful manner.

Simple Colds

Cease to be simple if at all prolonged. The safest way is to put them aside at the very beginning. Ballard's Horehound Syrup stops a cold and removes the cause of colds. 25c, 50c and \$1 bottle at Anti-Monopoly Drug Store and Tydings & Co. m

A Pleasant Occasion.

December thirty-first, the fifty-fifth anniversary of the birth of Mr. J. D. Mixson, of Central, was celebrated by a dinner on the shores of Leadworth Lake. Bread, fish and squirrels were cooked on the grounds and were a delightful addition to the bill of fare. Those present besides Mr. Mixson's immediate family were, his daughter and son-in-law, Mr. and Mrs. W. J. Feaster; his son, J. D. Mixson and wife; his brother, C. B. Mixson and Miss Kate Strickland, of Heidtville. A pleasant feature of the occasion was the presence of Mr. Mixson's daughter, Miss Viola, the efficient teacher of the Heidtville school, who was at home for the holidays.

A FRIEND.

The members of St. James Protestant Episcopal church in this city have begun the erection of a building on their church lot to be used as a public reading room. Such an institution is a much needed want in this city for the colored people. The building and equipments are supported by public donations. Any money or books given for this cause will be thankfully received by T. L. McCoy, layman in charge. The Rev. H. W. Little will on Thursday evening, Jan. 7 7:30 o'clock, deliver a lecture on the book of Leviticus to which the public is cordially invited.

Isaac Story, Ava, Mo., writes Sept. 10th, 1900: "I was in bad health, I had stomach trouble for twelve months, also dumb chills. Dr. J. W. Mory prescribed HERBINE, it cured me in two weeks. I cannot recommend it too highly, it will do all you claim for it." Sold by Anti Monopoly Drug Store and Tydings & Co. m

Dance at Flemington.

On the night of January 1st, the young gentlemen of Flemington gave a dance in the Matthews' Hall complimentary to the charming Miss Ragsdale, of Fairfield county, Winnsboro, South Carolina, who is the guest of Mr. and Mrs. Martin Chitty. A good many of the young people from the neighboring towns were present. Hayrides were quite the order of the night; in fact, were the most popular vehicles, owing to the beautiful moon light night. Miss Ragsdale is pretty and attractive—a typical representative of the fair daughters of the old Palmetto state. Dancing began at 9 and lasted until late in the evening. Refreshments were served at 12. Among the dancers were Miss Joe McCarty, of Oldtown, with Mr. J. B. Peck; Miss Julia Tilman, of Reddick, with Mr. David Payne; Miss Lilly Smith, of Mississippi, with Mr. A. J. McLaughlin; Miss Jennie Payne, with Mr. Wm. A. Murphy; Miss Edna Gatrell, with Mr. Galien McIntosh, of Dorchester, Md.; Miss Kate Payne with Mr. Jno. Smoak; Miss Ragsdale, of South Carolina, with Mr. Sam Matthews; Miss Matthews with Mr. Ross Williamson; Miss Rossie Mathews with Mr. Alva Matthews. Stags—Messrs. Matthews, Clarence Chitty, and others. Chaperones, Mr. and Mrs. Matthews. Music was furnished by the Flemington String Band.

Reading Club Meets at Mrs. Gerig's

The Ocala Reading Club, which has been having a vacation during the Christmas and New Year holidays, met again Tuesday afternoon and will meet regularly hereafter each week. The club met with Mrs. J. J. Gerig this week and a very interesting meeting it was, nine members being present. Martin Luther was the study for the afternoon and Miss Violet Harris read a paper on his life and works, Miss (Nellie) Stevens read a short sketch of Luther's character. Both of the articles were instructive and enjoyable. Before the articles on Luther were read current events were discussed.

At the close of the meeting Mrs. Gerig treated the club to fine Lake Weir oranges and tangerines. The meeting next Tuesday will be with the Misses Harris.

There are some women who seem to be perennially youthful. The grown daughters are companions as well as children, and the color in the mother's cheeks, the brightness in her eyes, the roundness of her form, all speak of abounding health. What is her secret? She is at the middle age of life when so many women are worn, wasted and faded, and yet time has only ripened her charms. The secret of this matronly health and beauty may be told in the brief phrase, Dr. Pierce's Favorite Prescription. The general health of woman is so intimately related to the delicate womanly organs, that where these are diseased, the whole body must suffer. "Favorite Prescription" dries the debilitating drains, heals ulcerations and inflammation, cures female weakness and imparts to the delicate female organs natural vigor and vitality. Woman who have lost their health and their beauty have been made "robust and rosy cheeked" by the use of this marvelous medicine.

At the Ocala High School.

The following is a list of pupils making 100 per cent in spelling in the 8th grade for the month of December, viz: Edna Smith, Eleanor Edwards, Eula Durand, Lilly Gamble.

HONOR ROLL—8TH GRADE

Heron Todd, Clarence Meffert, Grover McClure, Marguerite Porter, Eleanor Edwards, Frank Harris, Valmaire Izlar, Sara Davis.

HONOR ROLL—7TH GRADE

Jean Teague, Phil Robinson, Leonard Spalding, Burton Smoke, Mary Seymour, Adel Bittinger, Maggie Pyles, Mamie Counts, Ben Todd.

Ocala Band of Mercy.

The young people who are competing for the prizes offered by the committee of the above association, for the best essays on "Kindness" (in any form) are requested to send in their papers to Miss Tatham, secretary, by Wednesday, the 20th of the month, when the present competition closes. Long papers are not desirable, merely to the point, and nothing must be copied from newspapers or books.

FOLEY'S HONEY AND TAR Cures Croup, Whooping Cough, Pro. Asthma, Pneumonia

Nature's Gift from the Sunny South

Cottolene

Shortens your food—Lengthens your life

Hear Ye! Hear Ye!
All Ye
Dyspeptics!

It isn't the kind of food you eat, but rather what your stomach fails to digest, that gives you indigestion. Lard is a foe to digestion. If you had the stomach of an ostrich you could hardly withstand the ravages of lard-soaked pastry. You have probably found this out and already given up the eating of pastry. 'Tis wholly unnecessary! Anyone can eat and digest food cooked with Cottolene—the perfect shortening. It is a pure vegetable product, made from the best beef suet and choicest vegetable oil. It is neutral in taste and odor; it is Nature's Gift from the Sunny South.

Cottolene is never sold in bulk. It is put up in carefully sealed tin pails. And right here is another advantage. When you buy lard you have no protection as to quality—you simply know you are getting LARD—never mind the grade, it's just L-A-R-D. On the other hand, every pail of Cottolene is uniform—the product is guaranteed. You take no chances whatever.

In the face of these facts just ask yourself if you can afford to use hog lard when you can get pure, healthful, nutritious Cottolene.

USE 1/3 LESS. Cottolene being richer than either lard or cooking butter, one-third less is required.

FREE Send us a 2c stamp to pay postage and we'll mail you a copy of our book, "Home Helps," edited by Mrs. Rorer, which contains 300 choice recipes from the country's noted cooks.

Made only by THE N. K. FAIRBANK COMPANY, Dept. 502 Chicago

ROCKY FORD Cantaloupe Seed.

Saved by C. H. Mathis, of Young & Mathis, at Rocky Ford, Colo., from standard size netted cantaloupes ripened on the vines; also a limited supply of Eden and Blue Gum Watermelon seed saved in the Carolinas from the first perfectly shaped melons set on the vines. No seed taken from the end of the melon.
